This Agreement between you and Hometown Bank governs your use of all online and mobile banking services (the “Service”) available on a computer through a traditional online connection, on a mobile device using a mobile browser or through our mobile banking application available on Android or iOS. There may be additional online services that are not specifically described in this Agreement and we reserve the right to add or eliminate online services. By using these services when they become available, you agree to be bound by the rules that will be made available to you concerning these services. The terms and conditions of this Agreement are in addition to the Account agreements, disclosures and other documents in effect from time to time governing your account, including the Online Banking Agreement & Disclosure, which have been previously provided to you.

This Agreement is revised periodically and it may include changes from earlier versions. By accessing your account and engaging in the Service, you agree to the most recent version of this Agreement, which is available to you online at www.ahometownbank.com and at your local Hometown Bank branch. If any amendments to this Agreement result in an adverse effect upon our customers, as determined within the sole discretion of Hometown Bank, we will provide at least 30 days prior notice through a secure online message and/or external email alert.

Your completed registration and use of the Service represents and warrants that you are an authorized user acting with full authority to execute this Agreement and you agree to be bound by these terms and conditions and accept them in full, as they may be modified by Hometown Bank from time-to-time and posted on this Service. Furthermore, by your use of the service you also acknowledge that you have received this Agreement and agree to the terms of the E-Sign Consent Agreement located within this Online Banking Agreement and Disclosure. You will be asked to create challenge questions to use for future security purposes.

When you have completed your enrollment form and accepted the terms and conditions of this Agreement, your online banking account will be activated and you will be ready to begin. However, all enrollment information will be reviewed for fraudulent activity and to ensure accurate information has been entered. Any invalid information will be corrected and if any fraudulent activity is found, the online banking account will be closed immediately. You will be notified immediately, via the email address you provide, if your account is closed due to fraudulent activity. Entering fraudulent information may result in criminal charges against you.

When you link an account to Mobile banking Services, you do not change the agreements you already have with us for that account. Similarly, when you use Mobile banking Services to access a loan account, you do so under the terms and conditions we gave you in the agreement and disclosure for the loan account. You should review those agreements for any applicable fees, for limitations on the number of transactions you can make, and for other restrictions that might impact your use of an account with Mobile banking Services.

Please refer to your Mobile Banking Agreement and Disclosure and your OneClick Agreement and Disclosure for other terms and conditions that may apply to your mobile banking account which are incorporated herein by reference.

Email Address Changes

In order to provide you with electronic disclosures, we must maintain your current email address at all times. It is your sole responsibility, and you agree, to ensure that the contact information in your user profile is current and accurate. Changes made to your contact information within the Service will NOT update your contact information within the OneClick bill paying service or mobile banking. That information must be updated separately.

You should change your Contact Info through the Settings tab within the Service. Once you choose the Settings tab, choose Security, then choose Contact Info and submit your changes. You may also change your user name, password, personal greeting and security questions within the Service. You may also notify Hometown Bank of any changes to your personal contact information by calling us at 1-877-526-9555, email us at info@ahometownbank.com or you can update your personal information at any of our branch locations.

Linked Accounts

You are required to identify the eligible accounts that you want linked to your User Name and must update the same if you choose to add/remove/modify your eligible accounts. To do so, please contact us at 1-877-526-9555 or at info@ahometownbank.com.

Your Responsibility

Under this agreement, you attest that you are the legal owner of the financial information accessible to you via mobile banking. You also agree that all information that you have provided to be used in connection with mobile banking is accurate, current and complete and that you have the right to provide such information to us for the purpose of using this Service. You agree not to misrepresent your identity and to keep your personal information current and accurate.

You should verify that you have the required hardware and software necessary to access the Online Banking System and retrieve the documents and disclosures in an electronic format.

You are responsible for and must provide all telephones, mobile devices, computers and/or other equipment, software (other than software provided by us) and services necessary to access the Service. At a minimum, you will need:

- Online access through an Internet Service Provider (ISP)
- A computer and online browser that can support 128-bit encryption
- For security purposes, you should use the most current version of your online browser, such as Microsoft Internet Explorer. The most current versions are typically more secure and will support 128-bit encryption.
- A printer connected to your computer for printing this and other disclosures and/or sufficient hard-drive space or other media (e.g. external drive, CD-ROM) if you plan to save disclosures in an electronic format.
- An external email address so that we can send you notices when disclosures are available on our website or within the Online and Mobile Banking Service.

Hardware and software requirements may change from time-to-time. If there is a material chance that the changes may impact your ability to access the system or disclosures, we will notify you of these changes thirty (30) days in advance. At that time, you will be given an opportunity to change the format of your disclosures (e.g. change from an electronic format to paper format) without the imposition of any fees.

You assume responsibility for any transactions authorized by persons whom you have permitted to use your wireless device and PIN to access mobile banking. If at any time you have reason to believe that your PIN or wireless device has been lost or stolen, you must notify us immediately at 1-877-526-9555 in order to delete the device from the mobile app access. If you later find your device, you may re-enroll the same mobile number.

Signature Requirements

When any transfer, ACH, or other payment instruction is initiated through the Service for your benefit, you agree that we may debit the designated eligible accounts without requiring your signature on the item and without prior notice to you. Requirements for dual signatures on checks, if applicable, do NOT apply to Bill Payments or other transfers initiated through the Service. Any Authorized User must be authorized individually to make electronic transfers and Online Bill Payments even though that person's authority to make transfers by other means may still require dual signatures. When your online banking services are linked to one or more joint accounts, we may act on the verbal, written or electronic instructions of any authorized signer.

Account Balances

Balances shown in your accounts may include deposits subject to verification by us. The balance reflected in the Service may differ from your records due to deposits in progress, checks outstanding, or other withdrawals, payments or charges.

All OneClick transactions will be processed in accordance with the Allowable Overdraft Protection plan (if any) you have in place for your funding account. Usage of this Allowable Overdraft Protection plan will result in a fee to your account. Please refer to our current fee schedule for the amount of those fees.

The balances within the Service are updated periodically and the Service will display the most current "as-of" date on the accounts summary page. There may be situations that cause a delay in an update of your balances. The Service will use the most current balance available at the time of a transaction to base our approval for account transfers.

The records of Hometown Bank shall be the information and balance used by Hometown Bank for debit and credit purposes and shall not be subject to any dispute by you. Hometown Bank shall not, in any way, be liable for any damages incurred by you as a result of errors and/or miscalculations pertaining to the balance in your account(s).

You cannot cancel or change a transfer after it has been entered into the system AND the transaction is in process.

A transfer request may not result in immediate availability because of the time required to process the request. Any transfer requests to your internal Hometown Bank accounts must be made before the Business Day Cut-off time, which is 6:00 p.m. ET, to be effective the same Business Day. A transfer request to any external accounts you have set up within the Service must be made before 4:00 p.m. E.T., to be effective the same Business Day. A Business Day is defined as Monday through Friday, excluding certain holidays.

Transfer Limitations

You may use the Service to check the balance of your eligible account(s) and to transfer funds among your eligible account(s) at Hometown Bank. You must have sufficient funds in your account to cover the amount of any online transfers or the transfer may not be processed. NSF and/or overdraft charges may be incurred if transfers overdraw your account. The amount of these fees is subject to change. See our Fee Schedule for the current fee.

Current federal regulations restrict the number of transactions that you can make from certain types of accounts, such as Savings Accounts. These types of accounts may not have more than six (6) pre-authorized electronic funds transfers, which include computer-initiated transfers, telephone transfers, checks, and point-of-sale transactions during a given monthly statement period. Transfers authorized via the Service from your savings account is counted as one of the six limited transfers you are permitted each statement cycle. We recommend that you not use a savings account because of these transfer limits. Federal regulations currently place no limits on the number of transfers from your checking accounts therefore Hometown Bank recommends using this type of account for the transfers made through the Service.

You are responsible for any late payment or finance charges that may be imposed as a result of your failure to transfer payments in accordance with this agreement.

Recurring Transfers

When a recurring transfer is processed, it is automatically rescheduled by the system. Based upon your selected frequency settings for the payment, a process date is calculated for the next occurrence of the payment. If the calculated process date is a non-business date (generally weekends and certain holidays), it is adjusted based upon the following rules:

- If the recurring payment's "Before" option under the "Holiday" setting is selected, the process date for the new occurrence of the payment is adjusted to the first business date prior to the calculated process date.
- If the recurring payment's "After" option under the "Holiday" setting is NOT selected, the process date for the new occurrence of the payment is adjusted to the first business date after the calculated process date.

Note: If your frequency settings for the recurring payment specify the 29th, 30th, or 31st as a particular day of the month for processing and that day does not exist in the month of the calculated process date, then the last calendar day of that month is used as the calculated process date.

Transaction Limits

Transaction limits have been established for each check, mobile banking, transfers and email payment. Exceeding these established limits will result in your account being locked. You will be required to contact Customer Support to have your account unlocked.

Documentation and Verification of Payments and Transfers

Information regarding online banking and mobile banking transactions will be reflected on the account detail in the Service and on your regular monthly account statements.

You may use the Service for lawful purposes only. Privacy

We understand how important privacy is to our customers. We have taken steps to protect the privacy and security of your personal information as well as your financial transactions with us. You should read our Privacy Notice before completing the enrollment process for the Service. This Agreement is subject to the terms, provisions and conditions contained in our Privacy Policy, as amended from time to time. Our Privacy Policy can be found on our website at www.ahometownbank.com.

Disclosure of Account Information to Third Parties

It is our general policy to treat your account information as confidential. However, we will disclose information to third parties about your account or the transactions you make ONLY in the following situations:

- Where it is necessary for completing transactions;
- Where it is necessary for activating additional services;
- In order to verify the existence and condition of your account to a third party, such as a credit bureau or Biller;
- In order to comply with a governmental agency or court orders or as otherwise required or permitted by federal, state or local law;
- If you give us your written permission; or
- All other disclosures set forth and allowed in the Privacy Policy, as amended from time to time.

Please refer to our Privacy Policy for additional details on disclosure of account information.

Online Security

The Service utilizes a comprehensive security strategy to protect your accounts and transactions conducted over the Online. The password you create, which is encrypted in our database, will be known only to you. Neither Hometown Bank nor its service providers will have access to this information. The Service will automatically deactivate your account after five unsuccessful attempts. You must wait 30 minutes before attempting to login in again. If this attempt is unsuccessful you must contact Hometown Bank for assistance. If you need to reset your password, you can do this through the Service on the Security tab or you may contact Hometown Bank for assistance.

Because your password is used to access your accounts, you should treat it as you would any other sensitive personal data.

- You should carefully select a password that is hard to guess;
- You should not use words based on your name, address or other personal information;
- A special character is required in your password to increase security;
- You should not use dictionary words;
- Keep your password safe;
- Memorize your password and do not write them down;
- Change your password every 90 days; and
- Your password should be changed immediately if you suspect that your password has been intercepted or compromised. This can be done at any time from the User Services menu after you log in to the Service.

Encryption

The Service uses the Secure Socket Layer (SSL) encryption technology for everything you do while using online banking. Your browser automatically activates this technology when it attempts to connect to our Service. The service requires a browser that supports 128-bit encryption. The Service will warn you if your browser does not meet this requirement. You hereby agree to said encryption method and acknowledge and affirm the reasonableness, protection and safety of same.

Whenever SSL is securing your communications, the browser will typically indicate this *secure session* by changing the appearance of a small icon of a padlock at the bottom of the screen from “open” to “locked.” What this means to you is that your communications are scrambled from your browser to our servers at all times so no unauthorized party can read the information as it is carried over the Online.

Cookies

During your use of the Service, the Service will pass an encrypted *cookie* to your computer in order to identify your computer during the session. This cookie enables us to process multiple transactions during the session without having to provide a User Name and Password for each individual transaction. Users must accept this cookie to use the Service. This cookie does not contain any personal information; it simply provides another level of security for our online banking product. The cookie is stored on your computer's hard-drive or mobile device, identifying your computer while you are logged on. When you log off, close your browser, or turn off your machine, the cookie will be destroyed. A new cookie is used for each session; thus, no one can use the prior cookie to access your account.

Additional Security Guidelines:

All Authorized Users should sign-off after every Service session; however, online sessions will automatically end after fifteen (15) minutes of inactivity. This is to protect you should you accidentally leave your computer unattended after you log-in. Also,

- Do not give out your account information, password or user name.
- Do not leave your computer, technological device or any device used to obtain account access unattended while using the Service.
- Never leave any account information within the range of others.
- Do not send privileged account information (account number, password, username, User Name, etc.) in any public or general e-mail system.
- The security of public computers and public networks (e.g. in a library, online café or use of a wireless device) cannot be assured; therefore, we recommend that you refrain from accessing the Service on a public computer.
- Routinely scan your computer, servers, and electronic media using reliable virus detection and anti-spyware products. Undetected or un-repaired viruses or spyware may affect the performance of your computer, corrupt and destroy your programs, files, and even your hardware. Additionally, you may unintentionally transmit sensitive data to another third party or transmit a virus to other computers.
- Use a firewall product (hardware and/or software), especially if you have a broadband online connection such as DSL or cable modem.
- Keep the operating system and browser of your computer, mobile device or any device used to access the Service fully patched for critical security issues. We recommend use of the most current, fully patched, versions of Internet browsers for accessing the Service.
- Avoid visiting any websites, downloading any items or any other activities which may appear suspicious in nature or which may negatively impact the security herein set forth or applicable to the Service.
- Failure to take the above precautions shall be prima facie evidence of intentional recklessness on your part and you agree to indemnify and hold harmless Hometown Bank for any security breach(es) which are, or have the potential to be, caused by such failure to act, no matter if caused directly, indirectly or by any means, no matter how minimal the relation to the cause of such failure to act.

In addition to the security features described above, there may be other security related notices posted on our website or the Service from time-to-time. It is your responsibility to read all security notices.

Links to Other Services

Hometown Bank may establish links between this Service and one or more services operated by third parties. Hometown Bank has no control over any such other services or the contents therein. The existence of any such links shall not constitute an endorsement by Hometown Bank of such services, the contents of the services, or the operators of the services.

Third Parties

We are not liable for any loss or liability resulting from any failure of your equipment, computer, mobile device, technological device or any other device and/or means of accessing the Internet and/or providing use of the Service, mobile device application and/or software or software, or that of an Internet browser provider such as, but not limited to, Netscape (Netscape Navigator browser) or Microsoft (Microsoft Explorer browser), by any Internet access provider, mobile device carrier or by an Internet service provider, nor will we be liable for any direct, indirect, punitive, special or consequential damages resulting from your access to or failure to access any of your accounts. You are directly, fully and completely responsible for arranging for and payment of all Internet access, including, but not limited to, any and all monthly fees, routers and/or modems, and any and all mobile device carrier fees, charges and data plans and any and all costs in relation to any of the above, including, but not limited to, the cost of any mobile device application providing access to Mobile Banking.
