

Social Distancing Tips for Banking Safely

We love to see you in our bank, but for your safety and the safety of our employees it is prudent to first take advantage of features and offerings that limit contact with other persons. That's why we've compiled this list of alternative ways to bank safely.

Online Banking www.ahometownbank.com

- Open an account or apply for a loan online
- View transactions, balances, and account statements
- Transfer money between accounts including making loan payments
- Transfer money to your accounts at other banks
- Pay Bills through Billpay

Mobile Banking App

- Deposit your checks through your smart phone
- View transactions, balances, check images, and account statements
- Customize your text/email alerts such as low balance alerts or security changes
- Transfer money to friends or family instantly through P2P (peer to peer) payments
- Restrict your debit card if you are concerned about fraud

Debit Card

- Even though we are taking extra precautions to limit exposure please keep in mind cash has likely been handled by multiple people before you receive it, therefore:
 - Limit cash transactions by using your Hometown Bank debit card
 - Our debit cards have an added layer of security with EMV chips installed
 - Take advantage of our offerings of contactless forms of payments such as Apple Pay/Samsung Pay/Android Pay/Google Pay

24 Hour Phone Banking 1-877-524-2632

- Get information on your accounts 24 hours a day, seven days a week
- Check balances, track cleared checks, transfer funds between accounts, and more.

Drive-Thru

- Conduct normal transactions while limiting exposure between yourself, other customers and our staff
- Update your personal information
- Obtain account information

Call us at 606-528-2000 or 877-526-9555

- When you call us, we promise to try and give you the same personalized touch that you've come to love at Hometown Bank
